PUBLIC COMMENTS:

Craig Tomsky from Montaine Place stated Raritan Valley Disposal has changed its pick-up time to 4:30 am which is against the Township's noise ordinance. Administrator Joss stated he has been working with Raritan Valley Disposal for some time and the owners are adamant they will conform to the Township's ordinance. Officer in Charge, Doug Higgins stated to Mr. Tomsky if it happens again to call the non-emergency number and the Police will talk to the driver.

Deb Nolan from Hadler Drive stated she would like a time table for the traffic study and potential road modifications at Blossom Hill Rd and Route 22. Mayor Higgins stated the Township's Engineer has given the Township a quote. The Township has signed a contract with the Engineer. The Township will also perform a study on what the State would require for a traffic light. Ms. Nolan requested that the traffic study be taken at rush hour so the State can get a good idea of the actual traffic there.

Nick Corcodilos from Old Mountain Road stated he would like the Township to publicly talk about the problems the residents have with Comcast before the Township signs an agreement with Comcast. Mayor Higgins stated the Township will be putting together a public survey. Mayor Higgins stated the Township will be working with the Town of Clinton during this process since its franchise agreement with Comcast expires the same time as the Township's. Mr. Corcodilos stated the Township should advise the Clinton Township School Board to bring the school elections back to May to have the residents vote on the school budget and school tax levy. Mr. Corcodilos stated he would like the Township to stick to the plan of building the Township's own affordable housing with 100% affordable projects, and not have a developer include any market rate units.

REPORTS:

Councilman D'Alleinne:

Councilman D'Alleinne passed out the presentation by the Environmental Commission in preparation for receiving a \$12,800 grant to establish walking trails on Windy Acres. Councilman D'Alleinne stated there are a few options for access to the property, such as 1) coming east from Cushetunk Mountain Nature Preserve to the end of Windy Acres which has a NJDEP easement that goes along the railroad tracks, 2) using a potential bridge next to the old Buzby site and 3) from the private extension of Blossom Hill Road which is the west side of the property. As to option #1, the Environmental Commission and Open Space Committee will work together with NJDEP to gain pedestrian access to the property. As to option #2, Hatch Mott MacDonald is performing a study to determine the cost of installing a pedestrian bridge. As to option #3, the Township would have to talk to the owners of the private road, which is the Kullman site, to let the Township use the bridge on the property.

WHEREAS, the Highlands Water Protection and Planning Act (“Highlands Act,” N.J.S.A. 13:20-1 et seq.) was enacted by the New Jersey State Legislature on August 10, 2004 for the purpose of protecting, enhancing, and restoring the natural resources of the New Jersey Highlands Region, in particular the water resources, which provide drinking water to over five million New Jersey residents; and

WHEREAS, the Highlands Act created the Highlands Water Protection and Planning Council (the “Highlands Council”) and charged it with crafting a comprehensive master plan for the New Jersey Highlands Region; and

WHEREAS, the Highlands Regional Master Plan (“Regional Master Plan”) was adopted by the Highlands Council through the adoption of Resolution 2008-27 (“Resolution 2008-27”) on July 17, 2008, and became effective on September 8, 2008 as the product of a long-term, participatory, and region-wide planning effort; and

WHEREAS, Resolution 2008-27 included the adoption of Highlands Regional Master Plan as well as the adoption of various technical reports and guidelines that accompanied the Plan including the 2008 Plan Conformance Guidelines (“Plan Conformance Guidelines”); and

WHEREAS, the Plan Conformance Guidelines provide an overview of the Highlands Act’s bifurcated system for municipal conformance with the Highlands Regional Master Plan – mandatory Plan Conformance for any portion (or if applicable, the whole) of a municipality located within the Preservation Area and voluntary Plan Conformance for any portion (or if applicable, the whole) of a municipality lying within the Planning Area; and

WHEREAS, Section 14 of the Highlands Act expressly requires municipalities to revise and conform their local master plans and development regulations for that portion of their lands within the Preservation Area, as related to development and use of said lands, with the goals, requirements and provisions of the Regional Master Plan within fifteen months of the effective date of adoption thereof, or December 8, 2009; and

WHEREAS, Section 15 of the Highlands Act provides for voluntary Plan Conformance where any municipality located wholly or partially in the Planning Area may at

any time voluntarily revise and conform its local master plan and development regulations, as related to the development and use of land in the Planning Area, with the goals, requirements and provisions of the Regional Master Plan; and

WHEREAS, the Plan Conformance Guidelines detail the requirements for Plan Conformance including amendments to the Environmental Resource Inventory, Master Plan, and Land Use Ordinance, which together are intended to achieve conformance with the Regional Master Plan and provide immediate protections to vital Highlands Resources; and

WHEREAS, the Plan Conformance Guidelines require conforming municipalities to adopt "Initial Revisions" as a first step of Plan Conformance, the Initial Revisions being revisions of the existing master plan and development regulations which are deemed necessary by the Highlands Council for prompt enactment by a petitioning local government in order to ensure the protection and enhancement of the resources of the Highlands Region; and

WHEREAS, the Plan Conformance Guidelines include the adoption of a Development Application Checklist Ordinance as an Initial Revision in order to ensure that any Application for Development not be deemed complete until such time as certain documents have been submitted by an Applicant and to ensure that Applications for Development are consistent or revised to be consistent with the Regional Master Plan; and

WHEREAS, the Township of Clinton is located in the Highlands Region with lands lying within both the Preservation Area and the Planning Area, as defined by section 7 of the Highlands Act; and

WHEREAS, the Governing Body of the Township of Clinton has, on behalf of the municipality, petitioned the Highlands Council for Plan Conformance with respect to Township lands located within both the Planning Area portion and the Preservation Area portion of the Highlands Region; and

WHEREAS, the petition filed by the Township of Clinton with the Highlands Council contains proposed amendments to the municipal planning program, including amendments to the Environmental Resource Inventory, Master Plan, and Land Use Regulations of the Code of the Township of Clinton, which together are intended to achieve conformance with the Regional Master Plan and provide immediate protections to vital Highlands Resources located within the Township; and

WHEREAS, the Mayor and Council of the Township of Clinton ("Mayor and Council") find that the proposed changes to the municipal planning program are of broad and significant effect, are vital to the protection of the Highlands resources of the municipal Highlands Area, and are compelling to the interests and general welfare of the community; and

TOWNSHIP OF CLINTON
REGULAR COUNCIL MEETING
February 24, 2016

WHEREAS, the Mayor and Council recognize that the formal municipal adoption of each component of the revised planning program must take place, in sequential order in accordance with all statutory requirements, involving public hearings and deliberation by the Environmental Commission, Planning Board, and Mayor and Council; a process that will require an additional undetermined period of time; and

WHEREAS, the Mayor and Council are aware that lands within the Planning Area are not regulated by the New Jersey Department of Environmental Protection's Highlands Rules (N.J.A.C. 7:38-1 et seq.) and, with the exception of Wastewater Management Plans and Water Allocation Permits, would remain without the full suite of Highlands Regional Master Plan protections during the interim period between the date of filing of the Petition for Plan Conformance and the adoption of ordinances and regulations that will provide such protections; and

WHEREAS, an immediate level of protection to the resources located within the Highlands Region by adoption of revised submission requirements pertinent to Applications for Development therein is required by the Plan Conformance Guidelines; and

WHEREAS, the adoption of revised submission requirements pertinent to Applications for Development therein is essential to ensuring that Applicants achieve compliance with the standards and protections required under the Highland Regional Master Plan despite the interim status of the municipal Plan Conformance ordinances and regulations, this interim period not constituting an appropriate instance in which municipal approvals based upon existing municipal regulatory requirements, can appropriately be issued conditioned upon subsequent approval by the Highlands Council or the New Jersey Department of Environmental Protection ("NJDEP"), as may occur under usual circumstances; and

WHEREAS, the Mayor and Council find that the adoption of such submission requirements are important not only to provide such immediate resource protections, but to ensure the proper management of Applications for Development involving lands within the Highlands Area of the municipality; and

WHEREAS, the Highland Council deems the immediate protections ascribed by this Ordinance to lands in the Planning Area and the Preservation Area of the municipality, eligible for application of the provisions of the Highlands Act at N.J.S.A. 13:20-22 and N.J.S.A. 13:20-24 regarding legal representation to municipalities filing for Plan Conformance and regarding the strong presumption of validity and extraordinary deference afforded to such ordinances;

BE IT ORDAINED, by the Mayor and Council of the Township of Clinton, County of Hunterdon, New Jersey, as follows:

SECTION 1. New Section 165-41.2 Added to Code. The Code of the Township of Clinton is amended by the addition thereto of a new section 165-41.2 entitled "Highlands Area Exemptions" to read as follows:

§165-41.2. Highlands Area Exemptions.

A. Purpose.

The purpose of this Section is to set forth the procedural and substantive requirements by which the Township will issue Highlands Act Exemption Determinations. Such determinations pertain only to Highlands Act Exemptions 1, 2, 4, 5, 6, 7, and 8. Highlands Act Exemption Determinations indicate whether proposed activities, improvements or development projects affecting lands located within the Township Highlands Area are exempt from the Highlands Water Protection and Planning Act ("Highlands Act," N.J.S.A. 13:20-1 et seq.), and are therefore exempt from the Highlands Water Protection and Planning Council's ("Highlands Council") Regional Master Plan, the New Jersey Department of Environmental Protection's Highlands Water Protection and Planning Act Rules and from any amendments to the Township's master plan, development regulations, or other regulations adopted pursuant to the approval of the Township's Petition for Plan Conformance by the Highlands Council.

B. Scope/Applicability.

The provisions of this Section pertain to activities, improvements and development projects involving lands located within the Township of Clinton. The provisions of this Section shall not be construed to alleviate any person or entity from the provisions and requirements of any other applicable ordinances, rules, or regulations of the municipality, or from any other applicable law, regulation, or requirement of any county, state, or federal authority having jurisdiction. Nor shall the provisions of this Section deprive any person or entity from seeking a Highlands exemption determination from the NJDEP or the Highlands Council.

C. Statutory Authority.

This Section is adopted under the authority of the Highlands Act and the MLUL. In the Highlands Act, the Legislature identified numerous categories of activities that are exempt from the Act, the RMP, the Preservation Area Rules, and any amendments to a master plan, development regulations, or other regulations adopted by a local government to conform them with the RMP. See N.J.S.A.

13:20-28. The Legislature granted the Highlands Council the authority to administer the plan conformance process and to approve, reject, or approve with conditions municipal plan conformance petitions. See N.J.S.A. 13:20-14, -15. The Legislature, through the MLUL, granted authority to New

Jersey municipalities to govern land use and development within their borders and, through the Highlands Act, established requirements for Highlands municipalities to conform their land use and development regulations with the RMP. In a July 19, 2012 Memorandum of Understanding between

TOWNSHIP OF CLINTON
REGULAR COUNCIL MEETING
February 24, 2016

the Highlands Council and the NJDEP, the Council and the NJDEP recognized the circumstances in which it would be appropriate for conforming, Highlands Council-certified municipalities to make determinations regarding specified Highlands Act exemptions.

Unless expressly stated to the contrary or alternately defined herein, terms which are defined by the MLUL are intended to have the same meaning as set forth in the MLUL. TOWNSHIP OF CLINTON
REGULAR COUNCIL MEETING
February 24, 2016

(1) State Agency Exemption Determination.

State Agency Exemption Determinations shall consist of either, a Highlands Applicability Determination issued by the NJDEP for a Preservation Area proposal, or a Highlands Exemption Determination issued by the Highlands Council for a Planning Area proposal.

State Agency Determinations may be requested with regard to any Highlands Act Exemption, however for applications involving any exemption not identified at §165-41.2.G below, a State Agency Exemption Determination is required. Any applicant seeking a formal exemption determination for a capital or other project of any State entity or local government unit, or for any other publicly-owned or controlled land or facility, also must request a State Agency Exemption Determination.

(2) Municipal Exemption Determination.

For an application involving any of the specific exemptions listed in §165-41.2.G below, the applicant may request a Municipal Exemption Determination. The applicant may rely upon the findings of a Municipal Exemption Determination to the same extent as would apply to an exemption determination issued by the Highlands Council or the NJDEP.

G. Highlands Act Exemptions Eligible for Municipal Determination.

Effective as of the date on which the Township receives written authorization from the Highlands Council to proceed, an applicant may seek a Municipal Exemption Determination for the Highlands Act Exemptions listed hereunder.

 - (a) A Municipal Exemption Determination indicating that an applicant qualifies under Highlands Act Exemption 2 shall require approval and filing of a Deed Notice along with a site plan delineating the total exempt area and the extent of the disturbance recognized in the Municipal Exemption Determination (see §165-41.2.I(6) below). Municipal Exemption Determinations in such instances shall not take effect until the applicant has provided proof of filing of the approved Deed Notice.
- (3) *Exemption 4.* The reconstruction of any building or structure for any reason within 125% of the footprint of the lawfully existing impervious surfaces on the site, provided that the reconstruction does not increase the lawfully existing impervious surface by one-quarter acre or more. This exemption shall not apply to the reconstruction of any agricultural or horticultural building or structure for a non-agricultural or non-horticultural use.
 - (a) For purposes of this Section, this exemption shall not be construed to permit multiple 125% footprint expansions, but rather, to permit one or more reconstruction activities cumulatively resulting in a maximum 125% increase in the footprint of the impervious surfaces lawfully existing on the site, provided they do not cumulatively exceed the one-quarter acre limitation.

TOWNSHIP OF CLINTON
REGULAR COUNCIL MEETING
February 24, 2016

Any determination of whether the expansion of impervious cover meets the statutory criteria for the exemption must account for the preexisting impervious cover, and for the Preservation Area, such expansion must be contiguous to the location of the existing impervious cover. See In re August 16, 2007 Determination of NJDEP ex rel. Christ Church, 414 N.J. Super. 592 (App. Div. 2010), certif. denied, 205 N.J. 16 (2010).
