BOARD OF HEALTH:

Mayor Higgins convened the Council as the Board of Health, meeting to approve the following applications.

Block 27.01 Lot 9 – 1262 Route 31 – Paul Harenberg of Engineering & Land Planning Associates, Inc. explained the waiver request: 1) the proposed septic system will be located outside of the building envelope; 2) the proposed disposal bed will be only 3 and 5 feet from the property lines which does not meet the minimum 20-foot setback requirement. The County will require the surveyor to clearly stake out the property lines and engineer shall certify all grading has been done within the property boundaries; 3) the minimum size disposal bed for 837.50 gallons per day is 1,073 square feet. Due to lot limitations the maximum size that can be obtained is only 540 square feet; 4) since the building lot is on a slab, the disposal bed distance from the existing dwelling can be reduced from 25 feet to 15 feet; 5) the type of system required for a IISC soil suitability classification shall be a soil replacement, fill enclosed, however, due to lot and size restrictions the type of system proposed is a bottom lined installation; 6) the basin flood test shall be a minimum of 72 inches from the bottom of the pit and the proposed level of infiltration, due to lot limitations and grading issues only 63 inches of separation can be obtained and 7) the disposal bed will be only 38.9 feet from the existing storm water piping on Rt. 31 which does not meet the minimum 100 foot setback. The Hunterdon County Board of Health approved the waiver.

MOTION was offered by Councilman D'Alleinne to approve the waiver. Seconded by Council President Mullay. There being no further discussion the roll was called. Motion carried.

Roll Call:

Councilwoman Switlyk	Yes
Councilman McTiernan	Yes
Councilman D'Alleinne	Yes
Council President Mullay	Yes
Mayor Higgins	Yes

Block 11 Lot 6 – 314 Cokesbury Road – Paul Harenberg of Engineering & Land Planning Associates, Inc. explained the waiver request: 1): the proposed disposal bed will be only13.8 feet from the property line; 2) the proposed disposal bed will be only 51.6 feet from the proposed disposal bed which does not meet the minimum 100-foot setback requirement by code. According to 7:9A-4.3 the distance can be reduced to 50 feet provided there is 50 feet of casing in the well. The well was drilled in 1987 and according to the well record has 84 feet of casing. The old well will be sealed by a licensed well driller and witnessed by the County Health department; 3: the proposed system will be located outside of the building envelope since setbacks do not exist on this lot and 4) the toe of the mound will be only 3.5 and 5.8 feet from the property lines which does not meet the County policy of 10 foot offset. The engineer will inspect the grading and certify that there has been no increase in offsite water problems. The Hunterdon County Board of Health approved the waiver.

MOTION was offered by Council President Mullay to approve the waiver. Seconded by Councilman McTiernan. There being no further discussion the roll was called. Motion carried.

Roll Call:

Councilwoman Switlyk	Yes
Councilman McTiernan	Yes
Councilman D'Alleinne	Yes
Council President Mullay	Yes
Mayor Higgins	Yes

Block 7 Lot 17.01 – 3 Deer Path – Kurt Hoffman of Kurt Hoffman Engineering explained the waiver request: 1): the proposed disposal bed will be only19 feet from the property line; 2) the system will be located outside the building envelope since setbacks do not exist for the lot; 3: the highest regional water table is at 18 inches which is less than the maximum 24 inches from the surface as allowed by state code. Since advanced treatment is being used, the zone of treatment can be reduced from 48 to 18 inches; and 4) the toe of the mound will be only 4 feet from the property lines which is less than the County's policy of 10 feet. The engineer will be required to inspect the grading and certify the installation of the system has not lead to any offsite water problems. The Hunterdon County Board of Health approved the waiver.

MOTION was offered by Councilman D'Alleinne to approve the waiver. Seconded by Council President Mullay. There being no further discussion the roll was called. Motion carried.

Roll Call:

Councilwoman Switlyk	Yes
Councilman McTiernan	Yes
Councilman D'Alleinne	Yes
Council President Mullay	Yes
Mayor Higgins	Yes

Mayor Higgins adjourned as the Board of Health and reconvened as the Mayor and Council.

PUBLIC COMMENTS:

John Hughes from Annandale asked for an update on Country Club Road and Rt. 31. Mayor Higgins stated the only way to improve the intersection is to persuade the Department of Transportation to spend money. Administrator Joss stated he wrote two letters to the DOT and the Township has committed to paying 25% of the cost to improve the intersection. Mayor Higgins and Administrator Joss met with DOT ten days ago and were told the Township is "in the queue." Mr. Hughes stated an aide to Senator Doherty said the DOT was still waiting for the Township to commit to the 25% of the cost to improve the intersection. Administrator Joss informed Mr. Hughes that the Township has already done so, and the information from the Senator's aide is incorrect. Council President Mullay stated Assemblyman Peterson's office has been putting pressure on DOT and it got the same answer the Township did, that is, that the Township is "in the queue." Mayor Higgins stated Administrator Joss will provide Mr. Hughes with copies of the letters sent to the DOT. Council President Mullay stated he will reach out to Assemblyman Peterson's office to contact DOT again, and coordinate with Senator Doherty's office to see if additional pressure on DOT will help. Council President Mullay stated he will send Assemblyman Peterson's office the most recent accident report. Council President Mullay stated the real problem is the DOT trust fund is out of money.

Mr. Hughes stated he was denied an OPRA request with the Police Department for copies of all accidents that have taken place at the intersection. Lt. Higgins stated the police department is not required to do research for an OPRA request and gave Mr. Hughes the website uspolicereports.com to obtain the accident reports that have been filed in Clinton Township. Joe Resua, president of the Round Top Condominium Association, assisted Mr. Hughes with going online to uspolicereports.com to download the Clinton Township accident reports. Mr. Resua stated he downloaded 24 entries, nine of the police reports were on Country Club Drive and Rt. 31 and six within the Beaver Brook developments between 2011 and 2016. Attorney Hadinger explained what OPRA the Open Public Records Act Requires. Attorney Hadinger stated OPRA gives the public access to records but does not require that Township personnel research for people.

Mr. Hughes requested that the Township consider having a cover letter from Senator Doherty and have Administrator Joss call Senator Doherty's office and indicate that the 25% commitment was made. Administrator Joss will forward the letter to Senator Doherty's office.

Kevin Cimei of Annandale stated he is troubled by the advice that was given to Mr. Hughes by Senator Doherty's office.

John Anderson from JCP&L stated vegetation management continues and summer readiness is completed.

Lana Brennan of Lebanon stated the minutes on the website seemed to be on a loop after seven minutes in. Ms. Brennan asked the Mayor if he can state the date at the beginning of every meeting.

NEW BUSINESS: Fee and escrow adjustment for Exxon

Mayor Higgins stated Exxon is planning a substantial expansion of its facility. Exxon has requested a reduction in its filing fee of $200,000 and escrow fee of $548,000. Mayor Higgins stated most of Exxon's property is in farmland and Exxon will only be using 67 acres to expand. Mayor Higgins suggested an application fee of $21,943 and an escrow deposit of $45, 286. Mayor Higgins proposed the Township use the formula by multiplying the new square feet and not count the whole building and using the new square footage being sought as the multiplier instead of the total acreage. The Township has made other adjustments in development application and escrow fees in unusual circumstances such as these when a strict application of the ordinance's formula yielded an unwarranted result.

MOTION was offered by Council President Mullay to approve the revised application fees of $21,943 and revised escrow deposit of $45,286. Seconded by Councilman D'Alleinne. There being no further discussion the roll was called. Motion carried.

Roll Call:

Councilwoman Switlyk	Yes
Councilman McTiernan	Yes
Councilman D'Alleinne	Yes
Council President Mullay	Yes
Mayor Higgins	Yes

School Board Election discussion:

Mayor Higgins solicited input from the Council regarding moving the date for school elections. He suggested that there are three options: 1) do nothing and leave it as it is; 2) approve a resolution at an upcoming meeting to move the school elections back to April or 3) consider putting a non-binding referendum on the ballot at the General election to obtain input from voters. The Township would have to have the referendum to the County Clerk by August 19. Attorney Hadinger stated a non-binding referendum would not put any changes into effect. It would only make known what the voters think. Councilman McTiernan stated he thinks the Council should give the voters the right to

vote on the referendum. Councilman McTiernan stated his concern on putting the referendum on the ballot is it would set up voters with a false expectation that the election date will or will not be changed because of the two-year moratorium on any action the State assembly set up. Councilwoman Switlyk stated she would like to have a further discussion at the July 13th meeting. Attorney Hadinger indicated she could prepare a ballot question for the Township Council to consider prior to the August 19th deadline.

REPORTS:

Councilman D'Alleinne:

Councilman D'Alleinne reported the Environmental Commission is waiting to receive grant money from the NJDEP to start the work on the trails at Windy Acres. Councilman D'Alleinne reported July 10th the Environmental Commission will start to install some sign posts on Windy Acres. Councilman D'Alleinne reported he and Attorney Hadinger discussed that the NJDEP easements that run along the south side of Windy Acres do have some restrictions on Windy Acres even though they are on the Township's property. Councilman D'Alleinne reported it doesn't look like there are prohibitions against walking paths.

Councilman McTiernan:

Councilman McTiernan reported the Planning Board granted final approval for the Food Cure. Councilman McTiernan reported the Cable Committee met and will be drafting a questionnaire for residents' input. Councilman McTiernan stated the Cable Committee is reaching out to Readington Township and the Town of Clinton to hear their concerns with Comcast.

Councilman Switlyk:

Councilwoman Switlyk reported Round Valley School entered a word master contest and the 6th grade class came 1st in the nation and the 4th grade class came in 5th in the nation. Councilwoman Switlyk reported the next school board meeting is July 25,and the school board member petitions are due at 4:00pm that day. Councilwoman Switlyk reported there are three positions open.

Mayor Higgins

Mayor Higgins reported the Planning Board is drafting an ordinance on approvals for modifications to air conditioning, generators and lights so that applications could be submitted to the zoning/building officer instead of the planning board for approval.

Council President Mullay:

Council President Mullay reported that the RFP for the old Municipal building is being posted on the website tomorrow and notice placed in the papers.

Administrator Joss:

Administrator Joss reported that the historic signs for Annandale Village will be installed. Administrator Joss reported the OEM Coordinator, Marc Strauss, retired June 1. Administrator Joss reported he will be working on updating the OEM Ordinance.

Lt. Higgins:

Lt. Higgins reported the Police Department assisted at the North Hunterdon High School graduation. Lt. Higgins reported the Police Department assisted at the Immaculate Conception fair. Lt. Higgins reported he found a traffic device to collect data on Township roads and will begin the process to procure it.
