1. PD Overtime Cost:

Mayor Cimei introduced the matter. Lt. Higgins explained that overtime cost will increase for two squads that are short by the end of the year. He stated that one Sergeant retired last month, and another will be retiring at the end of September. That would leave five vacancies in three patrol squads and one Sergeant's vacancy. Due to the increasing overtime, the Council decided to move ahead with the hiring of 2 new police officers, staggering their start dates by a month or so.

TOWNSHIP OF CLINTON  
REGULAR COUNCIL MEETING  
August 13, 2014

2. COAH Update:

Mayor Cimei introduced the matter. Administrator Joss explained at the last Council meeting the Council had asked that Administrator Joss and John Higgins look into a diversion process to use some of the Marookian site for COAH housing. They had a very good conference call with the State's Green Acres office and also had a discussion with the County office. Both discussions looked favorable and it seems that the Township can work its way through whatever road blocks there might be. If the Council is willing to continue to explore that path hopefully they can make more progress before the next Council meeting. Council agreed to continue to explore the diversion process for a portion of Marookian.

3. Highlands Discussion:

Michael Sullivan from Clark, Caton and Hintz explained the Highlands Act. Mr. Sullivan stated that the Township passed resolutions in 2009, indicating the Township's intent to opt into the Highlands. The Township went through a process to submit a basic plan conformance package to the Highlands at the end of 2009. The Township did not hear from the Highlands again until March 2012. The Highlands submitted a letter to the Township which was an evaluation of the Township's plan conformance package. The Township did not act on the evaluation since it was waiting for the latest COAH rules to be adopted, in order to understand what COAH benefit there might be for opting into the Highlands. Mr. Sullivan understands that the COAH rules that recently came out lower the Township's COAH obligation should we opt in to Highlands. He explained that not all development would need to go to the Highlands Council for approval. The Highlands had a program to train local officials as Highlands approving authorities. John Higgins and Administrator Joss took that Highlands program, and were designated as local Highlands review authorities. Mr. Sullivan, John Higgins, Marvin Joss and a representative from Burgis Associates met with the Highlands to discuss the process to move forward from 2009. The next step is to prepare a response to the 2012 letter from the Highlands. The response would be reviewing the changes the Highlands suggested and either accept or suggest changes to some of their comments. Mr. Sullivan explained once this is done the Township would adopt a check list Ordinance that all future development would have to abide by. Mr. Sullivan suggested the Council write a response to the Highlands stating the Township would like to continue the process.

MOTION was made by Councilman Mulla to adopt a resolution to send a response to the Highlands to start the process. Seconded by Councilman Imbriaco. There being no further discussion the roll was called. Motion carried.

**REPORTS:**

Councilwoman Switlyk:

Councilwoman Switlyk worked with Dave Lunger of the Annandale Fire Company with regards to the fire recovery program to invoice insurance companies for services the Township provides with regards to vehicle accidents on State and local highways. The Township did pass an ordinance for reimbursements for the cleanup of hazardous materials. Due to State law, Ms. Hadinger believed that we cannot charge for time spent responding to other emergencies, even on State highways. Therefore, this issue won't be pursued any further. The Board of Education met on Monday, June 28<sup>th</sup>. Construction has started at Spruce Run and Patrick McGaheran for security upgrades. Bidding went out for both athletic and regular bus transportation. Appeals for the cul-de-sacs went out June 23<sup>rd</sup>. The Board of Education will also create an ad hoc committee to look at the schools website. The School Board meeting in September will start an hour early due to HIB training given by David Nash. Councilman Mullay and Councilwoman Switlyk met with the Annandale Citizens Advisory Committee several times the last couple months regarding concerns with the deterioration of the old municipal building on West Street, such as the removal of the overhang roof in the front of building. The Committee supplied the Council with a list it wants addressed. The Council agreed to board up the loading dock, have the Public Works Department do some painting, and solicit prices to have the awning removed.

Councilman Mullay:

The Historic Commission is still pursuing adding an historic district for Hamden. The Planning Board gave final approval to Hanna Infusion Clinic on Petticoat Lane. The Planning Board agreed with the Council regarding the right of way adjustment for Country Griddle.

Councilman Imbriaco:

No report.

Council President Marra:

Hunterdon Football Club will run the soccer program for the Recreation Department.

Mr. LeCompte advertises these weddings on his website. Two residents who live nearby have been complaining about the weddings taking place. Administrator Joss and the Zoning officer Joe Rossi met with the Mr. LeCompte to discuss the Township's position that weddings are not allowed. Mr.

In no event shall a person be held in protective custody for a period of longer than eight (8) hours without being provided an appropriate hearing.

**§208-3 Exceptions; Liability.**

Notwithstanding the provisions of this chapter, provided that it is not a detriment to public safety, the Police Department may, because of the age, health, or safety of the arrestee, release the

**§208-5 Incorporation of Statute.**

The provisions of N.J.S.A. 39:4-50.22, as may be amended from time to time, are hereby incorporated into, and are deemed to be a part hereof.

**Section 2. Repealer.** All ordinances and resolutions or parts thereof inconsistent with this ordinance are repealed.

**Section 3. Severability.** If any section, paragraph, subsection, clause or provision of this ordinance shall be adjudged by the courts to be invalid, such adjudication shall apply only to the section, paragraph, subsection, clause or provision so adjudged and the remainder of this ordinance shall be valid and enforceable.

**DISCUSSION OF EMPLOYEE GRIEVANCE:**

Mayor Cimei introduced this matter. He stated that the Council is undertaking a review of Lt. Ryan Melsky's appeal of the Township Administrator's denial of his recent grievance regarding not receiving uniform allowance and longevity pay. He noted that as a personnel matter, this type of proceeding is typically conducted in executive session, but under the law, the employee has a right to have the matter discussed in open session, and Lt. Melsky so requested. Lt. Melsky's appeal was filed July 18, 2014. Under the Township's personnel manual the Council has 30 working days until August 29, 2014 to consider the grievance. Mayor Cimei stated that pursuant to the grievance procedure in the Township's personnel manual, the role of the governing body is to review the appeal by way of the written record, which consists of Lt. Melsky's grievance, Marvin Joss's denial, Lt. Melsky's appeal, and the provisions of Chapter 29 of the Township Code. Mayor Cimei ask Council members to confirm that they have received and reviewed the records for this matter, and Council members confirmed the same.

Mayor Cimei stated that in accordance with the Township's grievance policy, new facts or questions of law cannot be raised or discussed at this time; rather the Council is just commenting on what is before it and interpreting the personnel policies at issue, specifically those regarding longevity pay and uniform allowance. The Council has 10 working days from the conclusion of its review of the grievance to issue a written decision to Lt. Melsky.

Concerning the substance of the appeal, Mayor Cimei continued:

On June 20, 2014, Lt. Melsky filed a grievance pursuant to the procedure outlined in the personnel manual

- Lt. Melsky claims that under §29-8 of the Township Code, he is eligible for longevity pay dating back to November 1, 2005 when he was promoted to the position of Lieutenant. Lt. Melsky first joined the Clinton Township Police Department in July 1995.
- §29-8 references a 2% longevity payment after 5 years of departmental service, 4% after 10 years, and 5% after 12 years
- Lt. Melsky spoke to former and current Township personnel about longevity pay, including former Police Chief Stephen Clancy who retired in 2006, former CFO Kitty Colognato, former Police Director Robert Manney and current CFO Kim Kientz
- Lt. Melsky also claims that under §29-9 of the Code, he is eligible for a uniform allowance of \$1,100 per year
- Because the personnel policies and questions raised in Lt. Melsky's grievance may also have an impact on his supervisor, Lt. Douglas Higgins, his grievance was referred to the Township Administrator
- As required by the grievance procedure, Marvin Joss met with Lt. Melsky in person on July 3, 2014 to discuss his grievance
- Mr. Joss issued a written decision denying Lt. Melsky's grievance on July 18, 2014
- To recap Mr. Joss's reasons for the denial, he found:
  - o It has been a longstanding Township practice that police lieutenants do not receive longevity pay or a uniform allowance
  - o Lt. Melsky acknowledged that this practice had been explained to him on several occasions by both former and current Township employees

TOWNSHIP OF CLINTON  
REGULAR COUNCIL MEETING  
August 13, 2014

- o §29-1.A of the Code provides that the provisions of Chapter 29, Article I are applicable to all non-unionized employees, and police lieutenants are not part of a union
- o Article I contains at least three references to police lieutenants supporting the conclusion that lieutenants are covered by this article, and not Article II where the sections cited by Lt. Melsky are contained (i.e., §29-8 and §29-9)
- o Section 29-3.B provides that employees hired after January 1, 1993 are not entitled to longevity payments, and Lt. Melsky's employment with the Township began in July 1995
- o The provisions of Chapter 29, Article II entitled police personnel were an attempt to mirror an old FOP union contract, and are outdated. No current employees receive the benefits outlined in Article II

The Council must interpret the provisions of Chapter 29, Article I of the Code which apply to non-union Township employees, such as Lt. Melsky, with the provisions of Chapter 29, Article II which apply to police department personnel. Mayor Cimei indicated that if Lt. Melsky were present he would permit him to address the Council. He asked Mr. Joss if he had anything in his denial that he would like to highlight, and Mr. Joss stated that he had nothing to add.

Mayor Cimei stated, based on his review, that he was more inclined to agree with Mr. Joss's reasoning and noted that the policies on longevity and uniform allowances as Mr. Joss described them have been in place for a very long time. Those policies have been explained and are not something that is new. He solicited the opinions of Council. Council President Marra stated that he agreed with Mr. Joss. Councilman Imbriaco stated he agreed with Mr. Joss's analysis and conclusions without any question. Councilman Mully and Councilwoman Switlyk both stated their agreement with Mr. Joss's conclusion.

Mayor Cimei asked Ms. Hadinger to draft a written decision for the Council's consideration. The Council determined to hold a Special Meeting on August 25, 2014 at 7:00pm to take action on a written decision concerning the grievance.
